FURTHER INFORMATION

Please refer to our Student Services tab for more information relating to studying with IBM NSW in Australia. Our [Student Handbook](#) gives you a step-by-step guide on how IBM NSW will support you with your enrolment and study within Australia; so that you can make an informed decision about your future studies.

Assessment Arrangements

Assessment will occur through a variety of methods, including projects incorporating observation, case studies and short answer questions. Assessment conditions will ensure a simulated workplace environment. To complete the wide range of assessments, IBM NSW will offer the following support:

- Face to face, classroom-based learning Theory Session: underpinning knowledge.
- Ongoing Online Support: email, resources, research. IBM NSW (staff, trainers and assessors) will maintain regular communication with students over phone and email during outside of face-to-face training sessions to ensure that students always have adequate access to resources and support throughout their course duration.
- Skills Session: use of computer programs such as power-point, word and excel, report preparation & writing, interpreting & analysing complex material.

If any special requirements are identified during the student's suitability assessment, IBM NSW can offer reasonable adjustments on a case-by-case basis to assist the student in completing their assessment. Alternatively, if needed, the student can also seek external support at their own cost to fulfill their skill levels in order to undertake the desired course.

ACADEMIC INTEGRITY AT IBMA NSW

IBM NSW is committed to fair and honest learning. All students must complete their own work, acknowledge sources (including AI tools), and follow clear assessment rules. We use a Reliability & Integrity Framework to make sure assessments are consistent, fair, and trustworthy across all courses. Cheating, plagiarism, or misuse of technology is treated seriously, while support and guidance are provided to help students understand academic expectations. This ensures your qualification is respected and valued in Australia and internationally.

TRANSITION ARRANGEMENTS

IBM NSW complies with ASQA's General Direction: Transition and teach out. When there are major changes to the Training Package, the Director of Academic Affairs and management team will review the changes made and create a plan to transition to the new training package requirements and cater for teach-out arrangements for students where required. The progress of the transition and teach-out will be monitored by the Director of Academic Affairs and the management team.

STUDENT SUPPORT AND WELLBEING

IBMNSW seeks to provide quality student learning experience, appropriate to the age, stage, background and circumstances of a diverse student population, regardless of their place or mode of study. IBMNSW offers extensive support services to all students and additional support services to CRICOS international students from different countries in acknowledgement of the challenges faced when studying abroad.

At the orientation into the qualification and during the entire course of training, IBM NSW shall:

- Identify the wellbeing needs of each student cohort by referring to the training product content and the characteristics of our student groups.
- Provide clear information to students about available support services and or other external organisations they can contact.
- Always maintain student privacy and seek consent before taking any wellbeing-related action.
- Monitor student wellbeing throughout the entire training and assessment journey—not just at enrolment.
- Ensure our staff and third parties understand and apply this policy in practice.
- Continuously improves our wellbeing strategies through student feedback and research.

For any queries, the IBM NSW administration team can be consulted either in person, over the phone or via email.
