Fee details

Fee protection:

IBM NSW protects the fees that are paid in advance by both domestic and international students.

For domestic students, fee protection is ensured through:

- Institute of Business and Management NSW (IBM NSW) does not require a student to ever pay more than AUD1500 in advance for services not yet provided, either prior to course commencement or at any stage during their course. Fees will be paid off during the course in instalments according to a set payment plan.

For international student fee protection is ensured as follows:

- All course fees will be held in a separate bank account that can only be drawn down when the student commences. The course fees are held separately from the day -to-day operating expense accounts, so that if a refund is payable before the student commences, the refund can be made in full and in a timely way without impact on the financial operations of the business or recourse to the tuition protection system.

International Students: Payment of fees upfront rules as per ESOS act was explained to me; I also understand that I have the option to choose one of the following payment modes:

- To pay only 50% of my tuition fees upfront
- To pay more than 50% of my tuition fees upfront
- To pay only first term tuition fees
